

Case study based on a video testimonial from a Danish user

### 3 reasons to use:

1. Skin friendly *skinsmart*™ hydrocolloid for longer-life wear<sup>1</sup>
2. Increased patient security<sup>1,2</sup>, comfort<sup>1,2</sup> and free from worry<sup>2</sup>
3. Ease of use

## SØREN'S STORY

### Patient History:

- 53 year old man
- Worked as a stoma nurse for 11 years and is now a wound nurse
- Stoma surgery in 1983, due to familial polyposis
- Outside of work, Søren also does a lot of sports, taking part in triathlons and training for 12-17 hours per week

### User requirements:

- Søren told us that he needed a product that he could be sure would stay on securely
- A pouch that was quick and easy to attach
- A pouch that allowed him to carry on with his active lifestyle, free from worry of leaks

### Success with eakin dot® 2-piece flat:

*"After I started using eakin dot® I don't have to worry at all, and don't have to change the pouch or baseplate as often. It provides a sense of security, which in turn gives me more self-confidence."*

*"You just want to be measured on your performance against others, and for them to see you as you are, and not as someone with an ostomy pouch."*

Søren, Denmark

### Why choose eakin dot® 2-piece flat?

- *skinsmart*™ hydrocolloid for longer-life wear is clinically proven to offer greater security and pouch wear time compared to other market-leading pouches<sup>1</sup>
- And importantly, allows the stoma to be just **a small part of a bigger life**
